THE TOUR

Starting and finishing in Sydney, this tour offers a fully supported trip to participate in the Oceania Orienteering Carnival 2019.

We will travel as a group to all events with coaching guidance available. It is an ideal tour for high school students who are making their first trip to an Australian Carnival or are wishing to make the trip with support and peers.

Expect varied and challenging terrain: bush, rock and historic gold mining areas, urban sprints, individual events as well as relays.
