Results

Provisional results will be available live during the event on the [Bold Horizons website](#).

Final results will be published to both the [Bold Horizons](#) and [Orienteering NSW websites](#).

Conduct

Kindly note the [Orienteering NSW Code of Conduct](#) which applies to all participants and spectators.

Please be polite and respectful of any members of the public that you may meet during your runs.

No yelling or calling out on course please.

Orienteering equipment

Hire SPORTident sticks can be collected from the Registration desk each day.

An orienteering equipment and clothing vendor will be open for sales at Saturday's event.

Punching system

SPORTident timing will be used with field controls in beacon (contactless) mode. Manual punches will also be at controls as a backup option should a SPORTident card or unit fail.

A punching start will be used for the individual events.

Relays will have a mass start.

The finish control will be punch only.

Safety

Both the Saturday and Sunday venues are well bounded.

Kindly note the safety bearing for Saturday's event.

Course closure: All runners must report back to the finish download by the course closure time for each event (even if they do not complete their course).

A safety check on all runners will be completed at the end of each event to confirm each person's safe return to the finish.

At Macquarie University, there may be some vehicle traffic on internal campus roads. This is all at low speeds. Please take care.

An emergency mobile number to contact event organisers (0418 270 476) will be included on all maps.

First Aid: First aid will be available at the assembly area on each day.

Whistles are recommended.
